**Sermon Title: *The Name of Names!*
Text: Exodus 3:13-15; 34:4-7**

EXODUS: *These are the names!*

The narrative of the Exodus and its theological implications can hardly be exaggerated as we consider the development of both Jewish and Christian theology.

At the heart of the Exodus story is the revelation of God Himself.

**Who is God? I AM! -- YHWH in Hebrew – LORD in English.
(Some Jewish theologians combined the Name YHWH with the
Hebrew Name for Lord – Adonai – resulting in the English Name
Jehovah.)**

The God of the Bible simply *is!*

**He is eternally present, eternally active, eternally sustaining,
eternally causative, eternally creative, eternally relational,
eternally powerful, and *eternally eternal!***
